Stands for Sale

Views from various Blair Atholl Stands

Blair Atholl is located on 600 hectares with the magnificent Magaliesberg mountain range as a back-drop, an elevation change of 100m, 6,5kms of Crocodile River frontage and 7,500 metres of Golf Course views - each one of our 329 Stands offer something spectacular and special. The average stand size is 3,700m² with extremely low density of approx 1 dwelling per 2 hectares.

Blair Atholl is over 80% sold out and we have a great selection of stands directly available from the Developer, which include view-site, river and golf-course stands that start from R2,8 million. The actual stands only make up 20% of the total property and what makes our residential offering unique is that no two stands share a common boundary.

Access to Blair Atholl is by appointment only and we would love to welcome you to a truly unparalleled living experience.

We invite you to contact our Sales team on: +27 (11) 996 6300 or provide us with your details on the "Sales Enquiry" section and we will contact you.
